EDITORIAL

World Needs More Rice

A LTHOUGH the subject has not At been given headlines, there is a growing certainty that the grave shortage of rice is certain to continue until after 1952 at the carllest, and possible for many inore years. Hongkong cannot - avoid being affected for it means that not only will allocations made by the International Emergency Food Council continue to be far below requirements, but that the Colony's "free market" rice may well become scarcer. The main factors against rapid recovery of lost padl acreage are only too painfully obvious-internal disorder in many of the principal ricegrowing countries and shortage of labour, fertilisers, cattle and equipment of all kind. Beyond this lies the basic social factor of land tenure. Apart from the fact that generally speaking holdings are extremely small, a serious deterrent to full development of acreage is the high percentage of land held on tenancy terms which leave the cultivator little hope of achieving more than the barest subsistence. As well as being orippled by debt these smallholders never succeed in acquiring enough capital, even with borrowing, to buy better seeds, fertilisers, implements and other requirements which might enable them to overcome handicaps. The provision of agricultural finance in Asiatic countries has always been difficult and much of it has to be obtained through unofficial loans and advances by money-lenders

with a standard of interest which adds to the burden upon all en-

terprise. There is general ac-

ceptance now of the principle that

evil of excessive interest charged on agricultural loans by developing government credit systems or encouraging the formation of coaction is desirable in the critical Follows Fog stage but as a longterm measure there is much to be said for credit institutions operating on fair commercial lines sustaining function. Whichever method is adopted experience has shown that close cheeks are required to prevent the provision of credit from becoming harmful to small farmers' who have never previously had the experlence of laying hands on money except on terms so harsh that they did not seek it unless as a result of dire necessity. Co-operative schemes have shown their value as instruments for the administration of funds supported by governments. The objective in all areas must be to ensure that the system of land tenure does not impose physical barriers to efficient farmmand high qualities of both | improvised routes. sanctified by tradition and have | tinue their journeys. have interest in the retention of governments should tackle the outworn customs.

Interport Cricket Prospects

Well-Matched Teams

(By "VERITAS")

The wicket should be fairly fast, but full of runs when the first Interport cricket match for 11 years between Hongkong and Shanghai opens at the Club ground this morning. It may begin to show signs of wear

during Monday afternoon and may possible become tricky on the third day should the game extend that far. * It has been noticeable that the Club's wickets tend to become dusty after one day's play and develop in favour of the bowlers.

If the Interport wicket behaves this way the winning of the toss is certain I to have an important bearing on the

Both captains are quietly confident, and on paper the teams are well matched.

COLONY'S SLIGHT EDGE

There is batting strength to spare, but Hongkong may have a slight edge London, Nov. 7. - King on the visitors in attack, with Darwin, Howarth and Francis Zimmern as the spearhead supported by Minu, —all capable of taking wickets when they are needed.

Shanghai indulged in some middle-of-the-ground practice yesterday and in batting shaped impressively. Kermani, Stokes, Leach, Sinclair and Pat_ Madar showed complete confidence and a typical range of scoring strokes.

Ruffett's wicketkeeping was first-

If Shanghai bat first, Darwin and It will be surprising if either side fall to but through the first day, but

High-speed fragments a new group of chemicals from it penetrate into the top layers. which cause the disease.

But radio-isotopes are much more than substitutes for radium. The treatment of growths by radium needles is often successful, but is a crude hit-and-miss method. The ideal system is to attack the disease at close quarters by getting the atoms to set free their healing fragments inside the damaged cells.

Radio-isotopes can do this. If a patient with malignant bone disease drinks a harmless solution of radio-phosphorus the powerful atoms Like all substances, radium quickly find their way to the stricken tissue. There some of the atoms explode with healing effect within the malignant cells. Other forms of Radio-iodine, for instance, can cure scheduled to begin production of borating. The Italian cinema

Training the tummy for fitness

By PRUNELLA STACK

THE muscles of the abdominal as you draw it in, try to draw it PATRICIA LENNARD language, the tummy musclesare of great importance in beauty in the body. These muscles have many and varied functions to perform. They bend the backbone. They turn the trunk. They help in expiration. Above all, their chief action is to flatten the tummy and thus keep the internal organs in position.

Now this is a point of consider-Savoury beef rolls with Jacket able importance, because it is true that the abdominal organs of an alarmingly high proportion of civilised women sag in later years and become theplaced, giving rise to much discomfort and, finally, 'even to illness. The sensation of undue tiredness and a feeling of being 'palled down' from which many women suffer, often has its origin in slack turning muscles and a resulting lack of muscle tone and elasticity in the obdominal organs.

Vital Organs

These vital organs are not encased in bone, as are the heart, lungs and brain. They depend largely for their protection on the efficient functioning of the tummy muscles which are designed to act us a natural corset and thus hold them in position and give them support. When the muccles are correctly trained they perform this action automatically and also are an important factor in maintaining erect posture and a good carriage. Here is where attention to them is important for beauty as well as for health.

Every woman rightly desired a "Hat tummy", and the instinct is sound; for to achieve this object that one of the most important groups of muscles in the body must function efficiently and, in the case of the tuniny muscles. this gives a special sensation of well-being to the whole physique,

Natural · Corset

It is most important that the muscles should be trained towards developing clasticity and resilience, rather than hard strength. Exercises must be graduated-starting with very simple movements, and only slowly progressing to more difficult ones, as and when the muscles become better trained and strengthened.

Deep and regular breathing, both before and during abdominal exerclses, is also important. . The first natural, reaction, when practising them, is to hold the breath and use the utmost energy and concentration in their performance, Such tenseness should be avoided—or mitigated as much as possible.

Many women despair of achieving a natural corset by training the tummy muscles and rely entirely on an artificial corset instead. This is a policy of defeatism—but if a heavy corset has been worn for many years it cannot be discarded at once. It can be left off while the first sinple exercises are practised, and then gradually, as the muscles become stronger, be worn less frequently, and finally a lighter type of support can be substituted.

Simple Exercises

Now here are some simple exercises to practise. 1. Lying in bed, on the side with the knees drawn up and one hand on the tummy, gently draw the lummy in and then relax it. Then.

wall-or, in less technical diagonally up-towards the ribs at

This movement can be repeated building up both health and in a sitting and standing positionand, indeed, at any odd moments throughout the day.

2. Lying on the floor, knees bent, soles touching the floor, draw the knees slowly up on to the chest; stay there, drawing the tummy strongly in and pressing the small of the bock into the floor; then lower the fect to touch the floor again (knees still bent as in starting position). Try to keep the whole poine touching the floor throughout the exercises.

3. Lie on the floor on your back with knees bent. At first get a friend to hold your feet down, or tuck them under a bed-rail or chair, so that they are supported. Lift the head off the floor, then slowly uncurl the whole spine until the stream a brooch to the centre the movement the opposite way, this round your neek... starting your uncurling from the tail-bone, leaving the head to the do this with no sense of strain or between chin and base of neck. (I being held down.

by Beachcomber

MAKING a violent attack on IVI C. Suet, Esq., Mrs Bugloss, of the Board of Interim Reor-ganisation, said:

"The Suct Plan for Schedulisation is merely Overall Schedulisation under another name, with the old regional councils re-appearing as local boards. I will ask Mr Suct one question: How does he propose to reintegrate personnel without adopting the overall system?"

Suet's reply, given in an interview, was: "Mrs Bugloss is confusing her terms. Under the overall system personnel is dealt with by the control council. Under my system, the local boards would be self-contained. There would therefore be no question of overlapping."

'Tibetan Moonflower' (XVIII.)

DINGI-POOS clapped her hands. D'An old footman in a pointed straw hat brought in another bottle of josh-brandy. Minee's speech was growing thick. Egham's eyes were looking seven ways to Sunday. Their heartless hostess watched them as a starving bon, watched a brace of As we were right in the centre of labbits. Presently, she pointed to the gateway and in danger of drift- in table at her side. "Shall we get I was again thrown to the deck, ing and fouling our propellers, I the tiresome signing over?" she said: "For God's sake see if you can asked. "Jolly old sign-igning," said Mince, Jerking his head forward violently. "Signature" tune," said Egham, with a foolish glggle; Dingl-After what seemed a lifetime, he Poos held out the pen. "Wa-one little kiss first, ch?" said Mince. "Business "Pleasuresallmine," said Egham, trying to catch hold of the pen. During this time, the Lancastria "Better see what it says," he added. Dingi-Poos frowned, and withdrew the document, "You don't trust me," she said. "Kisses before pleasure," said Mince, ogling the lady. "Oh, let's sign all this rubbish," said Egham, and took the pen.

HEAR-what Dawn Kedgaree, star of "Scalded Heart," says of Snibbo. "I wouldn't touch the stuff Two hours later the Lancastria with a barge-pole. I am so beautisteamed out under orders to go up ful that I don't need any of your river to St. Nazaire to embark troops. foul chemicals on my face." And just when Snibbo Ltd. was about to no to law, the sales manager reported that this new method of advertising had trebled the sales in two weeks. Every woman wants to see if she can be more beautiful without it than with it.

Nothing doing

II who is drinking nothing but champagne (for her figure, of course), found on her hall-table the other day a little poem from an impecunious admirer who had recently taken her out to dine, and tried to hend her off the wine-list by having a jug of water placed before her.

Proves once again, I think, You can take a horse to the water, But you cannot make it drink.

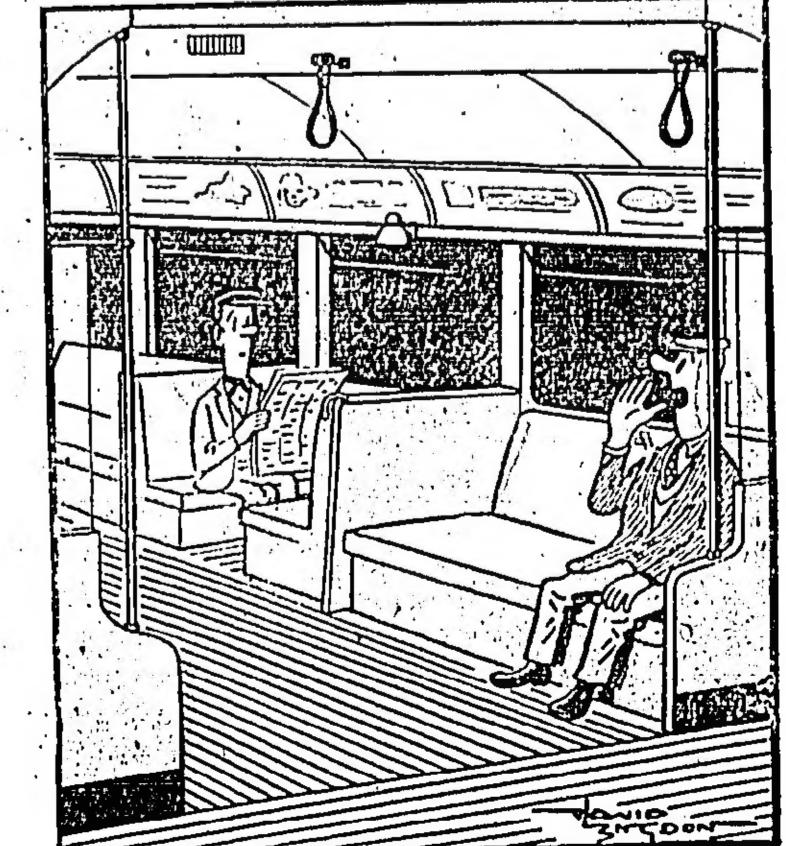

TO RECAPTURE LOST SKILL

Britain has opened its first naago to Switzerland, Germany and America.

The school of horology-the art of making clocks and watches-will brigade were sent, out by two war conditions and carrying 30,000 train executives and designers in a year advanced class and a postgraduate course designed to put British clockmaking back into the export trade.

"We are starting from scratch in competition with many old-established colleges in Switzerland and elsewhere," a Ministry of Education official said. "We have the most upto-date equipment, much of it Swiss

Holiday on Tito's new railway

CARAJEVO, ancient capital of Bosnia, is a strange mixture of east and west, of the old and the new.

I listened to the Imam—the priest—calling Sarajevo Moslems to prayer from the balcony of a gleaming white minaret.

Before his mournful song had ceased to echo round the rooftops, another chant broke on the air. Tito! Tito! went its refrain, bringing the impact of the new world on the ancient Moslem scene.

I watched the singers, a detachment of "anti-Fascist Bosnian Youth," murching with picks and shovels, preceded by huge red banners displaying the Communist hammer and sickle and the Yugoslav Soviet star.

They were marching back to their huts after a day's volunwas looking forward to another teer labour on the 170-mile Youth Railway which will break the 1,000 years isolation of Sarajevo and link it up with Semac on the main Zagreb-Belgrade-Sofia line to the north.

Sefton Delmer's NEWSMAP

HE new Battle of Italy is on. In Rome the present Government has been fighting hard and has just defeated a Communist vote of no confidence.

In London, a commission of: the Big Four is now meeting to agree who is to have control of Italy's former colonies. It has a year to do it in.

Both events are important to this Battle of Italy which has now opened in earnest between the Russians and the Ameri-

The Russians want to win Italy for Communism and make her one of their satellite States. The Americans want to prevent this and keep Italy a member of the Western World.

In the American view the Battle of Italy is a crucial element in the cold war of propaganda, politics, and economics openly launched against them by Mr Vyshinsky at Lake Success.

The American argument goes like this: (1) If the Communists succeed in establishing a pro-Soviet Government in Italy. and (2) If the Russians manage in the Commission to capture Tripoli—and—Cyrenaica—either-Italy—then all those millions of

Soviet domination of Italy and the North African shore opposité Italy would cut the Mediterranean in two, give gic command of the Eastern Mediterranean, and outflank America's newly established oil empire in the Middle East.

professor with the goatee beard who was going to Capri, taurant proprietor from Dundee, who, with his wife and daughter, was visiting his native Sicily, or any other of my fellow travellers in the B.E.A. plane to Italy thought there was anything ominous about the outward appearance of Rome, Nor did I.

No Communist processions na demonstrations of strikers, no angry knots of political debaters greeted me in the streets.

. "Festival of the Grape," said the banner across the pleasure garden. On the cafe terrace the icc-cream eater and aperitif drinkers were 'Cxchanging the latest sports news and black market tips. An electric light sign, such as we have not seen in Britain .for the last eight years, flickered from the top of the building opposite, spelling out advertisements, bits of news, and an occasional anti-Communist slogan. But no one look-

ed up. Not even when I went to the Assembly, where they were debating the no-confidence motion, dld I find any excitement. Signor Togal the in Paris. Minister of Industry, was droning away page after page of a long piece on Italy's need for foreign credits.

NO SURPRISE

By 66 Candidus?

THE result of the municipal elections at Home, I when the opponents of the present Government gained over six hundred seats, could not have occasioned very great surprise. To many, it must have been a foregone conclusion.

The people of the British Isles have, not only during the war, but ever since its close, suffered truly untold hardships, and at the moment see little in the future to cheer them. While it must be admitted that the war left England impoverished, with a problem of the greatest magnitude for any Government to face, public entries connect by ignored, and today public opinion cannot be ignored, and today public opinion is certainly not satisfied with the manner in which the country's affairs have been managed.

Last winter was practically a fuelless one, and the coming winter holds out the same prospect. The people are still underfed, in spite of the claims of Government. What is more damning is that the freedom of the subject is being threatened. The recent decree which ordains that subjects may be allotted to any industry according to the dictates of Govern-

ment is in itself bad. The ban against the use of motor vehicles for private use is bad. Main danger now is that the and these and other forms of Communists, disappointed by the legislation are naturally not defeat of their plan to get into only unpopular, but bitterly re-

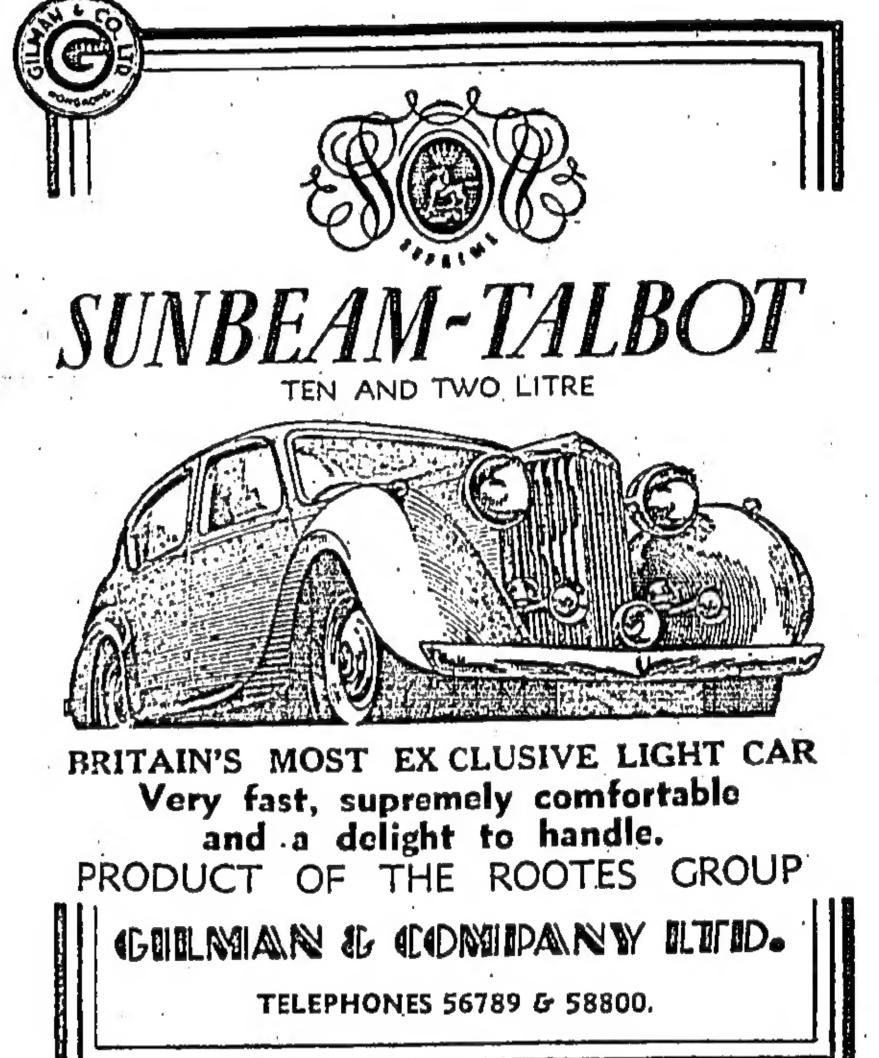

The great principles, as laid it has no authority over workers which the British nation has boasted since the twelfth century, might easily be ignored fear of a possible Communist under present conditions. The triumpher by constitutional or un- Charter ensured that all persons when a man is compelled to undertake a form of work for which he has no particular liking. However, the sound the torces of Communist-organised common-sense of people of all classes cannot be overlooked. and the masses may be relied upon sto express opinion—as they appear to have done in the recent elections.

WEEKEND OF BUSY FOOTBALL

Interport & Remembrance Day Matches

(BY "SEE TEE")

This weekend and on into Wednesday of next week is one of the busiest periods of the season for local soccer players. Today there is a full programme of First and Second Division matches, tomorrow is the Interport match with the Malayan Chinese, on Monday, there is the grand Remembrance Day match, The United Services versus the Rest of the Colony and on Wednesday the Malayan Chinese meet the Sing Tao team which toured England.

ground tomorrow for the big; times it is almost painful to see Interport game between Hongkong them working the ball round in a Softball Chatter By "Spectator" and the Melayan Chinese. A very small circle. strong Hongkong team has been chosen, which, although it contains full backs and halves who are only one service player, is about the quite incapable of kicking the ball best the Colony can field.

Gosnno chosen for the left back very natural ineptitude is to altend berth, a position he has filled with for ball practice wearing a football great gusto. Yet it is not so many | boot on the weak foot and a soft, months since Gosano was regarded rubbered soled boot or shoe on the as a good wingman and one capable other. cemented_itself_into_a_concrete wall the fine showing of his happy-gocan go places! But, you've got to keep pegging, boys, for there's lots of real tough opposition coming up yet-from whom? well, you'd know. The Merry Madeaps had their their form against Doc Molinen's II, K. Ball Clubbers is no guide to their actual strength. But the winnors did show they are a really trying and united crowd of boys.

. DEFENCE WEAKNESS

If you took a peek at the score card, you couldn't help noticing that nine runs were scored against the victors. From that, it can be readily gathered that the Madeop defence is poor. Then there was the slowmedion pitching by all the pitchers When such a good number of runs could be scored by both teams, it c.n well be imagined how sloppy, play was-and indeed it was!

Robbie Rocha and Rene Sequeira both of the Medcap gang, smashed

out a fourmaster apiece. That weak pitching is more notice. able this reason is said to be due to the fact that nine men are used for each team against ten utilised last year, and support is less tight. However, it is recollected that in pre-war days it was nine-men teams and generally speaking there were not any such big scores. How's that? I gather that our current players have not really, got into harness again. Time will show improvement—I hope!

ST LEGER IS BIG RACE TODAY

10th Extra Meeting

(BY "THE TURF")

The Hongkong St Leger is the feature event for today's Tenth Extra race meeting at the Happy Valley. On what promises to be a fast course, a keen race is expected to develop between Shannon, Sookunpots and Norse Queen.

First bell will be rung at 2.30 and the opening race will start at 3

Shek-O Handicap (1st Section)

The first race is a sprint event over half a mile and 170 gards, confined to "B" Class ponies. The field is so well balanced that punters may have a tricky time in spotting the winner.
The probable starters are Fifth
Alarm (138 lbs), Jeep Lee (150 lbs),
Lucky Strike (147 lbs), Peggy (147 lbs), Spanish Onion (137 lbs), Thun-derbolt (148 lbs), V-J Day (156 lbs) and Wodonga (149 lbs).

On past form I expect to see Jeep Lee win, with Lucky Strike and Fifth Alarm occupying the minor places. Nevertheless, I advise racegoers to treat Spanish Onion as a CRC.-Hardcourt Championships, good outsider. This pony is being lightly treated for weight.

Big Wave Bay Handicap (1st Section)

This race is confined to "C" Class ponies over the mile and 170 yards. fancy Crown Witness (156 lbs) to win, with National Congress (156 lbs) and Golden Dragon (150 lbs) all will be carrying 147 lbs. Shannon trailing behind. Arabian Moon (147 (Ostroumoff) will possibly start daylbs) is dangerous especially in view of his last outing. The other runners are Burgomaster (455 lbs), Lightning (161 lbs), Peacock (136 lbs), Shang-Happy Valley,-RAOC v. Talkoo, hal Beauty (154 lbs) and Tootsle (135 lbs).

Island Bay Handicap (1st Section)

In this race for "D" Class (1st Section) Mastermind (135 lbs) which failed to secure even a place at the last meeting, should redeem himself this time as the distance is more to his liking. Strong opposition will be from Airfield (147 lbs), Bright brings together another lot of "D" Stason' (142 lbs), Kelly (159 lbs) and Rosebud (145 lbs). The other once again, I tip Sunny (147 lbs) selections are:--Airfield, Rosebud and (159 lbs) and Happy Season (146

Another close and exciting race (135 lbs). should be served up by this second lot of "B" Class sprinters. Argentine Moon (152 lbs), Cooper (151 lbs), Jeep Hing (139 lbs), Masterplece (155 lbs), Hurricane (155 lbs), Speedaway | The last race of the day is for the (347 lbs) and Sunshnie (147 lbs) luc" Class (2nd Section) and a tusslelook the best, and any of them may for the first place is expected to win. Flying Arrow (144 lbs), Golden develop among the following:-Wheel (144 lbs), Happy Valley (142 Argus (145 lbs), Blue Peter (135 lbs), Hoi Polloi (155 lbs), Red Fox lbs), Canary (153 lbs), Kisgfisher (168 lbs) and Whirlaway (141 lbs) (150 lbs), Kookaburra (137 lbs) and Who would have expected so I'm afraid, will be a bit slow against Tunny (152 lbs). Personally I exment as a player—she was in there austere a body as the Rugby the others. My nomination is Cooper, peet Canary to win with Tunny and Argentine Moon and Masterpiece. Kingfisher taking the minor places. Hurricane is a good outsider.

Hongkong St Leger

ter, will be no more than seven, and (149 lbs), and Souvenir (136 lbs).

THIS WOULD HAPPEN IF YOU JUMPING THE GATE

ourite and this pony at his present form will be hard to beat. Norse Queen (D. Black) the Derby and Champion winner will have to produce his best form to beat Shannon, and most danger is likely to come from Sookunpots (S. W. Tang) which ran very well at the last two meetings. The rest of the field are-Burgomaster, Jeep Lee, Thunderbolt. and V-J Day. For an outsider chance try Thunderbolt.

Island Bay Handicap (2nd Section)

This second-last race of the day Class penies over six furlongs and, entries are:- Al Fresco (162 lbs), to win, though this pony has been Burge (137 lbs), Jackal (149 lbs), boring out very badly at the last two-Jadestone (149 lbs), Jinx (145 lbs), meetings. Emperors Gate (152 lbs) National Hero (144 lbs) and Richard has been disappointing the punters I (159 lbs). The last named pony for several meetings but should show is on view for the first time. My up better this time. Hostile Witness lbs) are not to be left out of calculation. The others are:--Golden. lbs), Ruby Star (135 lbs) and Trojan

Big Wave Bay Handicap (2nd Section)

Keep an eye on Argus as this pony is in the pink of condition. Tho probably starters are:--Eastern Diamond (154 lbs), Fut Choy (154 The field for the Hongkong St Ibs), Flying Wheel (148 lbs), Honey-Leger over one mile and three-quar- belle (136 lbs), Midnight Express

Have you ever thought of Life Insurance as PROPERTY?

BECAUSE Life Insurance has no visible form to be seen and admired, you may not have thought of it as "property"-and yet it is one of the most desirable forms of property that anyone ever possessed.

. In what other form, for instance, can you buy property that increases in value every year and is quaranteed against depre-

ciation? What other property is realizable in full and without delay by your dependents in case you die and with all future instalments cancelled, yet guarantees you a guaranteed income if you live?

Life Insurance is "property". that always has a guaranteed capital value and a guaranteed income

"Flying Hairpins" Are Dangerous

Mount Vegnon (Illinois) , schoolboys will have to stop shooting halrpins at people by order of Police Chief Verner Pigg.

"A man and woman have been Injured by the flying halrpins," the chief said. "This dangerous practice must stop immediately before

someone loses an eye." Meanwhile, the hairpin business is booming. One store reported the youngsters bought 75 packages o hairpins in one day, and several stores have been sold out.

WHAT'S BEHIND

710 help those bewildered by the two post-war years of /criticism, delays, slanging, denials, counter-denials and costly chaos which punctuate the sad tale of Britain's bid at time—there has been friction as at present. song-distance air transport, present the subject under four short chapters:-

CHAPTER 1

The Heart of the Problem

AT the end of the war we had . concentrated the whole of our aircraft production on bombers and fighters, and had left transport planes to the Ameri-

NEW CAREER FOR BUSTER KEATON

Buster Keaton, "The Great Stone Face" of silent films, has found himself a bright new career at 52. He has become a circus performer.

In an act in which he fights ridiculous sword duel, the sad-eyed and solemn-faced comedian has been drawing capacity crowds to the circus where he does a two-a-day routine in a little street in the Montmarire district of Paris.

The management estimates that Keaton has brought in as many customers as the show's prewar feature, which was an act with four elephants. "We had to feed the elephants," the manager said. Keaton, who said this is his first

appearance with a circus, is booked for a similar engagement in Stockholm next May.

Routine Still Good

He said that his old "non-smiling routine" is still as good as it was in son said.

the States. "I found out 40 years ago that people stopped laughing at me if I smiled," he said. "Chuck Relsner yet received permission from the and Irving Thalberg at Metro-Goldwyn-Mayer both tried to figure out how I could smile in a picture. I tried it, but preview audiences didn't like the change and we took

it out of the pictures." Keaton said that he works for one reaction from the audiences. "All 1 want," he said, "is for them to look at me and say to themselves, 'Look at that dope!" -- Associated Press.

> An article in the conservative Neue Zuercher Zeitung recently cehoed their protests and complained Party organisation for German woagainst what it described as "an men-in-the Soviet zone of Germany, attempt to place the hitherto told women at a gathering in free trade in the hands of foreign Ludwigslust. governments." The main objective of the scheme, the paper suggested, was to enable these governments to trade their postage stamps, of which they could print unlimited quantitles, for Swiss francs, at present the "hardest" currency in Europe.

"This kind of state competition would gradually ruin the trade of our private firms," the article commented, "and must be avoided in we are to cling to our democratic principles."-Associated Press.

LONGEST RIDE ON HORSEBACK

Les (Sleepy) Frost and Swede Nilmon, two cowhands from British Columbia, claimed a world's record recently for the longest horseback ride-4,200 miles from the Pacific to the Atlantic.

The cowboys, beset by an itch to do something different, began the ride 17 months ago. They bunked down for the winter in Winnipeg, so the actual ride 'time was seven and a half months. The trip ended when they opened their saddlebags at the Halifax waterfront on October 16, and poured bottles of Pacific water into the Atlantic to achieved by maintaining the symbolise national unity. They financed the trip by selling postcards and singing Western

ballads in theatres and radio stations They are going to ship the weary Washington University, believe old horses back—and go liome by train. -Associated Press.

The Blandingses in all their acri- action, moving whimsteally and unmonious folly are enchanting, predictably, but still with a common Their misfortunes endear them, meaning and intention, no matter Take this one peep at Mr Blandings putting down the tele- I salute a humble philosopher, posphone after receiving the worst, sessed of a critical, devastating of all bad news:

"Mr Blandings held the suddenly blank, wordless instrument in his hand for a moment as if it had been a kitten run over by a traetor. Then he put it down in its crydle and strode to the sideboard. 'I make it a point not to criticise your drinking habits, even when I do not approve of them,' said Mrs Blandings,

Ills son fights in World War II., and at the end of it the Social Centre becomes a reality. Mr Cotterell's portrait of an envious, ambitious society is so exact that it becomes a little tedious. It is not an anti-suburban book.

The author realises that too many of us live in suburbs to commit the fashlonable folly of generalising about suburbs as evil. He pitches rather upon supercilious and inane minorities. His tale of them would be goting to read if their mould be easier to read if their shallowness had greater depth.

He is at his best, I think, when he sees these people through their servant problem;

" 'And the next one said she'd come if she didn't have to wear a cap! Margery said, concerning a recent tour of the registry offices. I told her straight away that I wasn't interested in girls who wanted to make ridiculous conditions. When I think of how easy it was for my mother-'

" 'Of course, the thing to do is to get someone from the Continent. I've always told Sara. They're clean, they work hard and they're cheap."

Observing Defender Sets This Contract

By WILLIAM E. McKENNEY America's Card Authority

GOOD bridge player is alert and A observant. He never plays a card sailor husbands who go down carelessly. There is a reason for

When you open your partner's: they fail, one howls to the Cap- suit, he has a right to figure that it tain of the Marines. The Captain is a standard type of opening-either of Marines has his own methods of your fourth best of his suit, or low dealing with them, and his methods from an honour, or the top of two or

An observing defender defeated similar themes. At the end of FAT people are not really jolly, the contract on today's hand. Depretty solid.

East decided to lead up to the dummy's weakness, and so led the nine of hearts. Declarer played low and West won with jack. West cashed the ace of hearts, on which East played the deuce.

West at first had been a little upset because his partner had not returned a club, but he noticed that East played the nine, and then the deuce of hearts, clearly indicating that he held no more hearts.

Therefore, the only chance to defent the contract was for West to lead another heart and, hope that East could over-ruff the dummy. East could, and did, for the trick needed to set the contract.

NO DIVORCE FOR ADULTERY

"Adultery no longer should be a ground for divorce", a leader of the Democratic Women's League, a Soviet-sponsored Socialist Unity

Declaring that "man biologically is destined" to commit adultery, Ite Joern added that "a faithful man either is a linr or an idiot."

At the same time the speaker demanded that sex morality in Germany should be put on a "new basis" just as "religion of the Middle Ages" should be abolished. -- Associated Press.

TARTARESCU SUCCEEDED BY WOMAN

Bucharest, Nov. 7 .- The new Rumanian Cabinet Ministers to replace the four Liberals led by M. George Tartarescu, the

are: Foreign Minister. (Communist): Pauker Minister' of Finance, M. Valle Luca (Communist); Minister of Public Works, M. Gordakescu (Socialist); Minister of Culture, M. Stanciu Stoinn (Peasant Party).

The following appointments were also made: Under-Secretary of State for Finance, M. Vasile Madoran (Dis-Co-operatives, M. Macovescu (Communist); Under-Secretary of Public Works, M. Ion Popescu (Socialist).

M. Tartarescu and his fellow Ministers handed in their resignations on Wednesday after a vote in Liberal Party Cabinet members rought support in opposition to the five votes from 71 Liberal Deputies. The new Foreign Minister is 52-

year-old Anna Pauker, the Rumanian woman ever to hold career as a Communist dates back to 1921. In 1936 she was convicted by a military court on charges of activities contrary to the state's security and spent five years of a 10-year sentence in a women's

She was released in 1940 when the Red Army, then in Rumania, offered to exchange a captured National Peasant Party deputy for Inna Pauker.

She then went to Moscow and throughout the war remained there as an adviser on Rumanian affairs. She returned to Rumania in 1944 .-

Decorated with dragons, the set which is being transported in three large crates, will serve 25 persons. The Mission is also carrying to the Princess an ancient Chinese forma court gown made of red silk, the gift of the Chinese people.

Policy Advocated

Memorial Service in honour of the Britain and the United States should Portuguese War Dead will be held at "get tough" with Russia, Lieutenant-General Sir Gifford Martel, the head of the British Military Mission to Russia in 1943-44, told a Rotary meeting htre-today.

If Russia were told to "get out of the conquered European satellite countries-or be atom-bombed out" -she would go without a fight, the General declared.

In the face of such an attitude, the Russlans would say: "These chaps have come to their senses." Declaring that the Russians understood that sort of talk, General Murtel added that he did not think anyone would again force the world into a world war.

General Martel, who is 58, became the Commander of the Royal Armoured Corps in 1940, before his assignment to Moscow. He was retired in 1944.—Reuter.

EMPHASIS ON MANCHURIAN PROBLEM.

Nanking. Nov. 7. - The Foreign Minister, Dr Wang Shih-chieh, told the People's Political Council Resident Committee today that the success of the Marshall P' n in Europe may impel Russia to change her policies, it is reliably learned.

Dr Wang asked the PPC members not to be obsessed with the question of American aid and overlook the Manchurian stalemate, which he stressed is "even more important than financial and economic aid from the United States." _

Dr Wang said Russia is expected to rally Communist influence in Europe to defeat the Marshall Plan, which, he predicted, will be approved by the special session of the U.S. Congress. He believed that the success of the Marshall Plan will force Russia to re-orientate her attitude towards international poli-

American Aid

Sidetracking the Wedemeyer report and the status of negotiations M. George Tartarescu, the party leader, and Foreign Minister, who resigned two days ago, better understanding of Chinese problems, as displayed in the speech of Senator Arthur Vandenberg. One unconfirmed report quoted

Dr Wang as predicting that the question of American assistance to China might be clarified within two

Dr Wang said the general trend of China today emphasised the urgency of American aid, but "looking far ahead we find another sidents Peasants Party); Minister of problem even more important." He said that is the problem of Manchuria, and unless it is satisfactorily solved no peace in the Far East and China can be expected.

He said he talked with President Truman and Sceretary of State Parliament the previous night when George Marshall in Washington lengthily on this subject, telling them that China fought Japan, siened the Government. They received only Sino-Soviet treaty, tried to co-operate with Russia and solve the Communist problem by political means just for first one purpose-solve the Manchur a stalemate-but despite China's efforts high Government position. Her "she is disappointed."-United Press.

EUROPEANS INJURED

The police disclosed this morning that the two Europeans who were injured in a motorcycle accident which killed one Chinese pedestrian last Saturday were Mr Patrick Heggarty and Mr Jeffrey

Mr Sloss suffered a compound fracture of his left leg and Mr Heggarty received lacerations to the face and arms. Both are in hospital.

Driving his motor-cycle with Mr Sloss as a passenger, Mr Heggarty was passing along Queen's Road East near the Junction of Ship Street about 9 p.m. last Saturday, when a On Friday, he will make a flight | The British Parliamentary Mission, | Chinese stepped in front of the over Hongkong. Governor and Lady which left Hongkong this morning cycle, which knocked him down,

Sloss and Heggarty were thrown China's gift to Princess Elizabeth, a to the ground and later picked up unconscious by a passing military truck, who took them to Bowen
